

Badminton Academy

The Comberton Village College Badminton Academy will run in close association with Badminton England alongside the Badminton Performance Centre in Ipswich, where the best coaches in the Eastern Region are based.

Held at Comberton, The Badminton Academy will aim to take talented Badminton players and make them outstanding.

Course Programme:

The Academy will look to develop a deeper understanding of all aspects of the sport including umpiring, coaching, and tactics, as well as developing skills and fitness levels. High quality facilities with access to video analysis equipment will support high level coaching, including work with Mark Mehtven ex international coach, Atu Sagita, former Indonesian no 1, ranked in the top 20 in the world, as well as Jo Hughes, author of 'Badminton in Schools'.

Significant demands will be made on students to develop both academically and within Badminton. Students will be expected to be committed, attending all coaching sessions and fixtures and working independently upon conditioning programmes.

Who should I contact for more information?

Nigel Carrick,
Director of Sport.
