

# Life Outside Lessons

Students at the sixth form will have the opportunity to join the Expedition Society bi-annual trip.

Not only do we believe in providing a first-class academic environment, we will also offer numerous opportunities for you to develop your personal and social skills through an extensive range of enrichment opportunities. Whether it be rugby, Latin or learning to drive, you can be assured your interests will be met. You will also have the option to take on extra responsibility through the Student Leadership programme: this could include being on the Sixth Form Student Council, running sixth form social events, peer mentoring, or coordinating charity work.

Students at the sixth form will have access to the state-of-the-art sporting facilities available on site and beyond, allowing the opportunity to take part in a wide range of competitive and social sporting activities. We also offer a range of

residential and day trips designed to enhance both academic learning and social or sporting development. These include the Duke of Edinburgh Gold expedition to Switzerland, visits to our partner institutions in Mozambique and South Africa, The Expedition Society's bi-annual trip, alongside numerous local and international subject-based trips.

There will be an extensive programme of social events organised by the student leaders. This will include the Sixth Form Ball, charity events, band evenings, barbecues, quiz night, film nights, as well as a variety of drama and music productions.

We will prepare you for the future by offering expert guidance and a wealth of development opportunities.
