

SUPPORTING YOU

The transition from school to Sixth Form and beyond is an exciting time and one which sometimes brings challenges. We aim to support and guide students every step of the way.

Academic Tutor Team

When students join us they will be allocated an academic tutor who will have dedicated time both to get to know and to support students during their time at Comberton and also to prepare students for the next step. Students will have regular and formalised one-to-one meetings with their tutor to discuss progress, help solve any problems that arise and agree targets. Tutors will work closely with students, subject teachers and, if appropriate, the Student Support Team. This ensures that they have a thorough understanding of a student's need and can offer you the best advice to help every student to achieve the highest possible levels of success in all areas of Sixth Form life.

Student Support Team

The Sixth Form's Student Support Team consists of experienced counsellors and youth workers who will liaise closely with the Sixth Form leadership team and academic tutors, as well as accessing help from a range of outside agencies. This ensures that students can receive all the specialist support that may need during the important Sixth Form years.

Sixth Form Leadership Team

The Head and Deputy Heads of Sixth Form and our Post-16 Manager will be on hand to ensure the level of support a student needs is available whenever it is needed.

Student Guidance Team

Further guidance will be readily available from a variety of other professionals including the Careers and Higher Education Adviser, the Librarian, Learning Resource Manager, Connexions and the College Nurse.
