

THE STUDENTS' VIEW

"The support that you have access to at Comberton Sixth Form is amazing!! Whether it is struggling with school work, managing your time, stress or more personal issues, there is always someone who will listen and help you find the best way forward. As someone who accessed the support on a number of occasions throughout my time at the sixth form, I can say with confidence that the support really helped to make my time at Comberton much easier!"

Gemma Gostick – Dance, Psychology, Geography, Core Maths

"While studying BTEC Business at Comberton, I enjoyed having the freedom to work independently on certain assignments and then having the opportunity to work within a group on other projects. This contrast made my learning more fun and versatile and helped me to improve a range of skills, from communication and teamwork to planning and organisation. Furthermore, this course gave me the opportunity and the belief to go on to study Business Management at UEA."

Ana Khachatryan – BTEC Business Extended Diploma

"At Comberton, we were given tremendous support and guidance in applying to Oxbridge from the outset. The process began almost on arrival to sixth form with a seminar on competitive admissions, inspiring students to explore their opportunities early. We were then supported through guidance meetings, pre-interview assessment preparation, personal statement feedback, mock interviews, and visits from Oxbridge staff and students. The hard work and encouragement from the teachers at Comberton gave me the confidence to apply, and equipped me with the tools to succeed."

Bea Greenhalgh – Double Maths, French, English Language, Pre-U Global Perspectives
