

Travel by bicycle

Students traveling to school by bicycle should lock it up in one of the designated cycle sheds located near the technology department, by the squash courts or at either end of the Comberton Sports and Arts building. The school cannot accept responsibility for cycles or any equipment on them.

Cycles must be in a roadworthy condition with working brakes and correctly inflated tyres. We strongly recommend your child wears a helmet while riding their bike and that they have lights fitted, particularly in winter.

Cycling is not allowed on the college grounds except to and from the cycle sheds and, with permission, during PE lessons.
